THE GIFT THAT KEEPS ON GIVING

Create a Legacy

Stobbe Family Legacy Fund

The Boissevain Morton Foundation is a very worthwhile organization that enables us to support many organizations in our community. Raising funds for projects is generally a challenge. Most organizations are funded by memberships or user fees, unfortunately the financial needs at times are greater than the ability for the organizations to raise desired funds.

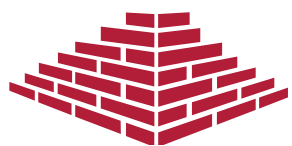

Our family has chose to start a Family Legacy Fund. One of the benefits, it gives us the opportunity to pool our donatons. It's interesting to deposit sums into the fund annually and over the course of a number years seeing it build. Through the Field of Interest Fund there are several ways in which we can direct the earnings of our fund. At this point they include: sports and recreation, beautifucation, community health and wellness and education. This gives our family some input to an area of interest while at the same time allowing the grants committee to select the organizations that can best utilize funds.

Game Warden Museum Fund

The North American Game Warden Museum Fund is a permanent endowment fund established to support the programs of the museum. The museum is located at the International Peace Garden, and is dedicated to celebrating natural resource protection through educating the public and honouring the profession.

Our long term goal is for the interest from the Endowment Fund at the Winnipeg Foundation to fund the museum in perpetuity. With that in mind, we are initiating a campaign to reach that goal within the next ten years.
